Address KURFUERSTENDAMM 17

Dear Sir, your esteemed letter addressed to Mr. Julius Bahlke of this city has been transmitted to me as the present owner and editor of the BERLINER MUENZBLAETTER; I regret to state that T cannot see which are the articles that you have in mind wherefore I enclose a list of all the essays on Chinese and other kinds: According to the list this would involve years 1885 to 1891 and 1893 to 1896; the price would be as follows:

1885 to 1891 each year Marks 2.00

foor years " 5 30

34. comarks

You would however make a much better bargain if you would purchase the whole series of the Berliner Numismatic Gazette from 1880 to 1901 inclusively since I can sell you the whole instead of the former price of 90 Marks, for only 50 marks deliveredhere.

Upon writing your reply, I wish you would kindly send me for the sake of a compilation in the Berlin Muenzplaetter the following information:

Many thanks in advance. Respectfully yours

Dr. Emil Bahrfeld,

Editor of the Berlin Muenzblaetter

Dr Emil Bahrfeld your Estimed favor of april & received and content's noted. The only volumes I care about are those that have articles on blumese coins. Therefore kindly sens me the volumes's for the years 1885 1886,1887 ## 1891 1893 1894 1895 1896. This would make 28 marks and I am enclosing a money order for the same. I think that you made a mistake in reading the name of the numismatic Society. There is no Brookline Society. The association of which I am beentary of is the american rumis matic association of which you are no doubt familiar with. It was organized in 1891 and has a membership of about 500, mostly in america states and Canada although a few in England and Germany. The official publication is the Numismatist and is sent free to all members. The annual dues of the society is one dollar I am sending you an application blanks which shows who are the officers are, If you care to belong I would feel deeply honored to receive your application. The only meetings the society holds are the annual conventions. The last was held at St Somis in Detober. under peperate cover sam sending you a copy of the Mumis matist very touly

Berlin, Nay 17th1905

Kurfuerstendamm, 17,

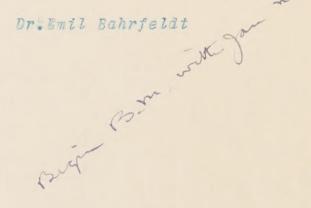

Dear Sir,

By this same mail I am sending you registered the volumes of the Berlin Muenzblaetter kindly ordered, the amount of which (28 Marks) has duly reached me; for postage you will kindly remit 50 cents.

I am much indebted to you for your information on the Society and if the distance were not so great and the intercourse easier. I should have liked very much to become a member, but at any rate I reserve myself the pleasure for a later period.

I would however NOW make a different proposition and that is that we exchange the Berlin Muenzblaetter for the Numismatist; this would be a mitual incentive and highly instructive; if the society cares to accept this suggestion, please to send me the numbers from January 190°E onward and I shall send mine in exchange, both papers could then be sent regularly as published,

Yours very stucerely

Werther Herr,

Beantwortlich Ihres geehrten Briefes vom 17ten Mai habe ich hiere mit das Vergnæegen Ihnen die 2 Mark zukommen zu lassen.

Ich lasse Ihnen auch den NUMISMATIST zusenden, bedauere aber, Ihnen nicht die Nummern vom 1sten Januar an zukommen lassen zu koennen, da die Auflage in Folge grosser Zunahme der Subskribenten ausser pruck ist; bitte lassen Sie die Berliner Muenzblaetter an mich an die obige Adressesenden.
